

# Change System Language

You can change the system's display language in the Settings application.

Refer to this article to change the system language to another.

---

## APPLIES TO

Devices with Android 8.0 and above

---

# Add a Language

- 1. Navigate to **Settings > System > Languages & input > Languages**.
- 2. Tap **+ Add a language**.
- 3. Select a language that you want.

 <b>Add a language</b> 
🇮🇸
🇨🇾
한국어
🇲🇰
日本語
简体中文
粵語
繁體中文

- 4. Select region.

# Change System Language

After you add the language that you want, the display language is still the previous one.

To change display language, tap and hold the language line's icon(  ) and drag it to the top of the list.
