PM90 Factory Reset

Factory reset will erase all data from your device's internal storage.

You have a problem with your device or you want to reset your device, you may use factory reset.

APPLIES TO

PM90

How to Factory Reset PM90

- ### If you can turn on the device and use the Settings app,

1   Navigate to Settings > System > Reset options

2   Tap Erase all data (factory reset)

3   Please be aware that factory reset will erase all data. Tap RESET PHONE to start the factory reset

4   Tap ERASE EVERYTHING to confirm the factory reset

- ### If you cannot turn on the device,

1   Press and hold Power + Volume Up + Home buttons simultaneously when turning on the device

2 After showing up the "Smart Beyond Rugged" logo, release the buttons. Now your device is entered Android Recovery mode

3 Using Volume(move up&down) and Power(select) buttons, select 'Wipe data/factory reset'

4 After wiping the data, select 'Reboot system now'
