

Get Scan Data as Text File(.txt) with PM3

APPLIES TO

PM3

Set USB Mode

1. Press UP and DOWN button simultaneously to navigate
2. **Admin Menu > Configuration > USB Settings > USB Mode**
3. Select **USB Disk** and **Save**
4. Check the message '**Flash Erase And Reset?**' and select **Yes**
5. Wait until the flash process is complete. Your device will automatically reset after flashing.

Check Text File

1. Read any barcodes as you want
2. Connect PM3 to PC with USB Cable
3. You can find the text file(.txt) in PM3 storage

Data Format in Text File

The content of the file is as below. You cannot customize this file on your demand

```
8901138509231,EAN 13,03/12/2020,17:42:42
8901138509231,EAN 13,03/12/2020,17:42:46
8901138509231,EAN 13,03/12/2020,17:42:54
```

Duplicate Function

In USB Disk mode, you cannot use **Duplicate** function.

If you want to use Duplicate function, change the USB mode to **USB Serial mode**.
