

# Android Upgrade on Point Mobile Models

This article describes what Point Mobile model is available to upgrade Android version.

---

## Upgradable Models

Refer to the following table to find the Point Mobile models available to upgrade Android version.

※ Some upgrade requires factory reset for stable upgrade. See *Factory Reset Required* column.

Model	Upgradable Version	Factory Reset Required
PM45	Android 7 → 8	Yes
	Android 8 → 9	No
PM85	Android 8 → 9	No
PM90	Android 9 → 11	Yes
PM451	Android 9 → 11	Yes
PM30	Android 10 → 11	No

From Android 9, the PULS program for certifying the upgrade is activated when the device is rebooting after upgrade.

Read [Upgrade Certification - PULS Program](#) for more detail.
